Instructions for Completing the NCHSAA Student-Athlete Preparticipation Physical Evaluation (PPE)

In order to be medically eligible for participation in practice or in interscholastic athletic contests, a student must have a completed NCHSAA PPE and submit it to the school. The PPE is four (4) pages in length and includes the **History Form**, the **Physical Examination Form**, and the **Medical Eligibility Form**.

The PPE **History Form** (pages 1-2) is completed and signed by the parent or legal custodian on behalf of the student-athlete. The completed and signed PPE History Form must then be presented to the examining Licensed Medical Professional (LMP) (physician licensed to practice medicine (MD/DO), nurse practitioner or physician assistant) for review when they fill out the Physical Examination Form.

The completed PPE **Physical Examination Form** (page 3) is signed and dated by the LMP who performed the examination. The physical examination builds on information obtained in the medical history.

The PPE **Medical Eligibility Form** (page 4), which is also signed and dated by the LMP, indicates the student-athlete is either medically eligible or not medically eligible for sports participation.

Gfeller–Waller NCHSAA Student–Athlete & Parent/Legal Custodian Concussion Information Sheet

What is a concussion? A concussion is an injury to the brain caused by a direct or indirect blow to the head. It results in your brain not working as it should. It may or may not cause you to black out or pass out. It can happen to you from a fall, a hit to the head, or a hit to the body that causes your head and your brain to move quickly back and forth.

How do I know if I have a concussion? There are many signs and symptoms that you may have following a concussion. A concussion can affect your thinking, the way your body feels, your mood, or your sleep. Here is what to look for:

Thinking/Remembering	Physical	Emotional/Mood	Sleep
Difficulty thinking clearly	Headache	Irritability–things bother you more easily	Sleeping more than usual
Taking longer to figure things out	Fuzzy or blurry vision	Sadness	Sleeping less than usual
Difficulty concentrating	Feeling sick to your stomach/queasy	Being more moody	Trouble falling asleep
Difficulty remembering new information	Vomiting/throwing up	Feeling nervous or worried	Feeling tired
	Dizziness	Crying more	
	Balance problems		
	Sensitivity to noise or light		

Table is adapted from the Centers for Disease Control and Prevention (<http://www.cdc.gov/concussion/>)

What should I do if I think I have a concussion? If you are having any of the signs or symptoms listed above, you should tell your parents, coach, athletic trainer or school nurse so they can get you the help you need. If a parent notices these symptoms, they should inform the school nurse or athletic trainer.

When should I be particularly concerned? If you have a headache that gets worse over time, you are unable to control your body, you throw up repeatedly or feel more and more sick to your stomach, or your words are coming out funny/slurred, you should let an adult like your parent or coach or teacher know right away, so they can get you the help you need before things get any worse.

What are some of the problems that may affect me after a concussion? You may have trouble in some of your classes at school or even with activities at home. If you continue to play or return to play too early with a concussion, you may have long term trouble remembering things or paying attention, headaches may last a long time, or personality changes can occur. Once you have a concussion, you are more likely to have another concussion.

How do I know when it's ok to return to physical activity and my sport after a concussion? After telling your coach, your parents, and any medical personnel around that you think you have a concussion, you will probably be seen by a doctor trained in helping people with concussions. Your school and your parents can help you decide who is best to treat you and help to make the decision on when you should return to activity/play or practice. Your school will have a policy in place for how to treat concussions. You should not return to play or practice on the same day as your suspected concussion.

You should not have any symptoms at rest or during/after activity when you return to play, as this is a sign your brain has not recovered from the injury.

This information is provided to you by the UNC Matthew Gfeller Sport–Related TBI Research Center, North Carolina Medical Society, North Carolina Athletic Trainers' Association, Brain Injury Association of North Carolina, North Carolina Neuropsychological Society, and North Carolina High School Athletic Association.

Gfeller-Waller NCHSAA Student-Athlete & Parent/Legal Custodian Concussion Statement Form

Instructions: The student athlete and his/her parent or legal custodian, must initial beside each statement acknowledging that they have read and understand the corresponding statement. The student-athlete should initial in the left column and the parent or legal custodian should initial in the right column. Some statements are applicable only to the student-athlete and should only be initialed by the student-athlete. This form must be completed for each student-athlete, even if there are multiple student-athletes in the household.

	A concussion is a brain injury, which should be reported to my parent(s) or legal custodian(s), my or my child's coach(es), or a medical professional if one is available.	
	A concussion cannot be "seen." Some signs and symptoms might be present immediately; however, other symptoms can appear hours or days after an injury.	
	I will tell my parents, my coach and/or a medical professional about my injuries and illnesses.	Not Applicable
	If I think a teammate has a concussion, I should tell my coach(es), parent(s)/ legal custodian(s) or medical professional about the concussion.	Not Applicable
	I, or my child, will not return to play in a game or practice if a hit to my, or my child's, head or body causes any concussion-related symptoms.	
	I, or my child, will need written permission from a medical professional trained in concussion management to return to play or practice after a concussion.	
	Based on the latest data, most concussions take days or weeks to get better. A concussion may not go away, right away. I realize that resolution from a concussion is a process that may require more than one medical visit.	
	I realize that ER/Urgent Care physicians will not provide clearance to return to play or practice, if seen immediately or shortly after the injury.	
	After a concussion, the brain needs time to heal. I understand that I or my child is much more likely to have another concussion or more serious brain injury if return to play or practice occurs before concussion symptoms go away.	
	Sometimes, repeat concussions can cause serious and long-lasting problems.	
	I have read the concussion symptoms listed on the Student-Athlete/ Parent Legal Custodian Concussion Information Sheet.	
	I have asked an adult and/or medical professional to explain any information contained in the Student-Athlete & Parent Concussion Statement Form or Information Sheet that I do not understand.	

By signing below, we agree that we have read and understand the information contained in the Student-Athlete & Parent/Legal Custodian Concussion Statement Form, and have initialed appropriately beside each statement.

2020-2021 NCHSAA ELIGIBILITY, CONSENT TO PARTICIPATE AND RELEASE FORM

THIS DOCUMENT MUST BE SIGNED BY THE STUDENT-ATHLETE OF AN NCHSAA MEMBER SCHOOL AND BY THE STUDENT'S PARENT OR LEGAL CUSTODIAN BEFORE PARTICIPATION. STUDENTS MAY NOT PARTICIPATE WITHOUT THE SIGNATURE OF THE STUDENT AND PARENT(S)/LEGAL CUSTODIAN.

I acknowledge that I have read and understand, the North Carolina High School Athletic Association's (NCHSAA) Eligibility Rules. I understand that a copy of the NCHSAA Handbook is on file with the member school's principal and/or Athletic Director, and that I may review it, in its entirety if I so choose. I know my school is a member of the NCHSAA and must adhere to all regulations that govern interscholastic athletic programs, including, but not limited to, Federal and State laws, local regulations and those imposed by the NCHSAA. I understand that local rules may be more stringent than the NCHSAA and agree to follow the rules of my school and the NCHSAA and to abide by their decisions. I acknowledge and understand that participation in interscholastic athletics is a privilege, not a right. I understand that classroom performance, dropping a class or taking coursework through other educational options could affect eligibility and compliance with NCHSAA academic standards.

STUDENT CODE OF RESPONSIBILITY

As a student athlete, I understand and accept the following responsibilities:

I will **respect the rights and beliefs** of others and will treat others with courtesy and consideration. I will be **fully responsible** for my own actions and the consequences of my actions.

I will **respect the property** of others.

I will **respect and obey the rules** of my school and laws of my community, state and country.

I will **show respect to those who are responsible for enforcing the rules** of my school and the laws of my community, state and country.

I **understand that a student whose character or conduct violates** the school's Athletic Code or School Code of Responsibility could be deemed ineligible for a period of time as determined by the principal or school system Administration

PARENTS, LEGAL CUSTODIANS OR STUDENTS WHO DO NOT WISH TO ACCEPT THE RISK DESCRIBED IN THIS WARNING SHOULD NOT SIGN THIS FORM. The student and parent/legal custodian recognize that participation in interscholastic athletics involves some inherent risks for potentially severe injuries including, but not limited to, serious neck, head and spinal injuries, serious injury to virtually all bones, joints, ligaments, muscles, tendons, and other aspects of the musculoskeletal system, serious injury or impairment to other aspects of the body, or effects to the general health and well-being of the child, and in rare cases death. Although serious injuries are not common in supervised school athletic programs, it is impossible to eliminate all risk. Because of these inherent risks, the student and parent/legal custodian have a responsibility to help reduce that risk. Participants must obey all safety rules, report all physical and hygiene problems to their coaches, follow a proper conditioning program, and inspect their own equipment daily.

I authorize medical treatment should the need arise for such treatment while I or my child/ward ("student-athlete") is under the supervision of the member school. I **consent to medical treatment** for the student-athlete following an injury or illness suffered during practice and/or a contest. I understand that in the case of **injury or illness requiring treatment by medical personnel and transportation to a health care facility**, a reasonable attempt will be made to contact the parent/legal custodian in the case of the student-athlete being a minor, but that, if necessary, the student-athlete will be treated and transported via ambulance to the nearest hospital. I further authorize the use or disclosure of my student-athlete's personally identifiable health information should treatment for illness or injury become necessary.

I **understand all concussions are potentially serious** and may result in complications including prolonged brain damage and death if not recognized and managed properly. Further, I understand that if my student is removed from a practice or competition due to a suspected concussion, he or she will be unable to return to participation that day. After that day, written authorization from a physician (M.D. or D.O.) or an athletic trainer working under the supervision of a physician will be required before the student is allowed to return to participation. I also acknowledge that I **have received, read and signed the Gfeller-Waller Concussion Information Sheet.**

I **consent to the NCHSAA's use of the herein named student's name**, likeness, and athletic-related information in reports of contests, promotional literature of the Association and other materials and releases related to interscholastic athletics and grant the NCHSAA the right to photograph and/or videotape the participant and further to use the participant's face, likeness, voice and appearance in connection with exhibitions, publicity, advertising, promotional and commercial materials without reservation or limitation. The NCHSAA, however, is under no obligation to exercise said rights herein. I further consent to the disclosure, by the member school, to the NCHSAA, upon its request, of all records relevant to the student-athlete's athletic eligibility including, but not limited to, their records relating to enrollment, attendance, academic standing, age, discipline, finances, residence and physical fitness. The student and parent/legal custodian individually and on behalf of the student, hereby irrevocably, and unconditionally release, acquit, and discharge, without limitation, the NCHSAA its officers, agents, attorneys, representatives and employees (collectively, the "Releasees") from any and all losses, claims, demands, actions and causes of action, obligations, damages, and costs or expenses of any nature (including attorney's fees) that the student and/or legal custodian incur or sustain to person, property or both, which arise out of, result from, occur during or are otherwise connected with the student's participation in interscholastic athletics if due to the ordinary negligence of the Releasees.

By signing this document, we acknowledge that we have read the above information and that we consent to participation by the herein named student. We understand that the authorizations and rights granted herein are voluntary and that we may revoke any or all of them at any time by submitting said revocation in writing to the participant's member school. By doing so, however, we understand that the participant would no longer be eligible for participation in interscholastic athletics.
